Hi,

We would like to invite you to serve on the Program Committee for Student Research Workshop at the 58th Annual Meeting of the Association for Computational Linguistics in 2020.

The ACL Student Research Workshop (SRW) will be held in conjunction with ACL 2020 in Seattle, Washington, United States. The SRW gives student researchers in Computational Linguistics and Natural Language Processing the opportunity to present their work and receive constructive feedback and mentorship by experienced members of the ACL community.

To learn more about the SRW, please look at our website: https://sites.google.com/view/acl20studentresearchworkshop/.

We expect that each Program Committee member will be assigned 2-3 papers to review, each of up to 5 pages. The approximate timeline is:

Deadline: March 6th, 2020
Review period starts: Second week of March 2020
Reviews due: April 10th, 2020

We would be grateful if you could confirm (accept or refuse) the participation in the committee here:

https://www.softconf.com/acl2020/super/sl.cgi?sl=363347-H6P3

The submissions to the SRW often come from students taking their first steps into the research world. Your contribution to reviewing their papers and giving feedback will be much appreciated!

Thank you,
ACL SRW 2020 co-chairs: Jiangming Liu, Rotem Dror, Shruti Rijhwani.
ACL SRW 2020 faculty advisors: Omri Abend, Sujian Li, Zhou Yu.
