Dear Adriano,

It is our pleasure to invite you to join the program committee for the IEEE Big Data 2022 due to your expertise and excellent reputation in the area. The IEEE Big Data conference series started in 2013 has established itself as the top-tier research conference in Big Data. The IEEE Big Data 2022 is scheduled to take place in Osaka, Japan from Dec 17-20 if the covid-19 pandemic is under control by then, otherwise, it will be held online (<https://bigdataieee.org/BigData2022/index.html>).

The paper submission deadline is around the beginning of August, so the paper review period is from August to October. Each pc member is expected to review about 7-8 papers.

Please do not reply to this e-mail directly, but reply to this invitation electronically as soon as you can --- within a week if possible. Thank you.
