Dear Adriano,

We would like to invite you to join the long paper track program committee for CIKM 2018, to be held in Turin, Italy between October 22 and October 26, 2018. CIKM is a premier conference at the intersection of information retrieval, databases, and knowledge management. The overarching theme for the CIKM 2018 is "From Big Data and Big Information to Big Knowledge." You can find more details at <http://www.cikm2018.units.it>

The CIKM long track paper reviewing load is expected to comprise at most 8 papers of 10 pages, and should meet the expectations of a top international conference in terms of rigor, originality, and significance. The paper submission deadline for CIKM 2018 is May 22, 2018 (with abstract submissions by May 15), and the acceptance notifications will be sent out by Aug 6, 2018.

As a PC member for the long paper track we anticipate that you will be assigned at most 10 papers, with the following key dates/duties:

- Paper bidding and conflict of interest declarations (May 15 - May 22)
- Reviewing (approximately May 23 - July 6)
- Discussion (July 7 - July 27)

We are looking forward to working with you towards a successful CIKM 2018. Please respond to this invitation by 17th March at the latest.

Best regards,

James Allan, Norman Paton, Divesh Srivastava
