Dear Veloso Adriano,

We would like to invite you to serve on the Program Committee for the Student Research Workshop (SRW) at ACL-IJCNLP 2021. The SRW gives student researchers in Computational Linguistics and Natural Language Processing the opportunity to present their work and receive constructive feedback and mentorship by experienced members of the ACL community.

To learn more about the SRW, please visit our website: https://sites.google.com/view/acl-ijcnlp-2021-srw/

We expect that each Program Committee member will be assigned 2-3 papers to review. These could be in either of the two tracks: research papers and thesis proposals.

The approximate timeline is:

Deadline: April 2, 2021

Reviews due: May 7, 2021

The submissions to the SRW often come from students taking their first steps into the research world. If you accept this invitation (and we hope you do), your contribution to reviewing their papers and giving feedback will be much appreciated.

We would be grateful if you could confirm (accept or decline) your participation in the committee by February 14 2021, by clicking on the link below:

   https://www.softconf.com/acl2021/super/sl.cgi?sl=439405-G3J5

Please confirm your participation, as soon as possible. With your help, we know that we can make the ACL-IJCNLP 2021 SRW a big success.

Thank you,

ACL-IJCNLP SRW 2021 co-chairs: Jad Kabbara, Haitao Lin, Amandalynne Paullada, Jannis Vamvas

ACL-IJCNLP SRW 2021 faculty advisors: Jing Jiang, Rico Sennrich, Derek F. Wong, Nianwen Xue
