Dear Adriano,

We would like to invite you to serve as a member of the Program Committee (PC) for the SIAM International Conference on Data Mining (SDM19), to be held in Calgary, Canada May 2–4, 2019. <https://www.siam.org/conferences/CM/Main/sdm19>.

As you know this is an important service to the data mining community. You have been recommended to us as a qualified and reliable domain expert, and we sincerely hope that you can accept our invitation and join the program committee.

As a member of the PC, you will be responsible for reviewing approximately 6–8 papers. In addition, you are expected to take active part in discussing your papers with other reviewers and Senior Program Committee members, and in updating your reviews to reflect the PC discussions.

You will have the opportunity to bid on papers of interest to you. The final reviewer assignments will be done via a combination of bidding and application of the Toronto Paper Matching System (TPMS).

Please take a close look at the dates below to confirm that you will be able to conduct these tasks in a timely manner.

Setup (Sept 17–28): provide areas of expertise in CMT and initiate/update your TPMS account  
Paper bidding (Oct 5–Oct 12): place bids on papers  
PC review (Oct 19–Nov 16): check review assignments, write thoughtful reviews for each assigned paper  
Discussion (Nov 26–Dec 3): actively participate in the discussion of papers assigned to you

We hope you will agree to help in the creation of a strong technical program for SDM19. We look forward to working with you!
