

Assignment 5 - due September 1st

Send pdf with answers to `dcc030ufmg@gmail.com`. They must be typed up in latex.

This assignment is about Chapter 6 of the book Graph Spectra and Quantum Walk.s

1st part

- Write your own version of the proof of Theorem 6.8.2 (you can choose whichever order you want to write the implications).

2nd part

Except for Exercise 6.1 (which we already did), choose any **three** exercises of the end Chapter 6 to solve.
